- Division match, 1st division
 - OK Snab, Vejle
 - Kolding OK
 - Odense OK
 - OK H.T.F., Haderslev

- Division match, 3rd division
 - Mariager Fjord OK
 - OK Vendelboerne
 - KaSki OK

 - Nordvest OK
 - Vestjysk Orienteringsklub

For practical reasons, the competitions will be held as a combined event, but the results will be split into four different lists. **The 2nd and 3rd division matches will be held together, whereas the 1st division match will be held separately.**

Forest	Sukkertoppen (Højlund Forest) located south of Mossø.
Marking	<p>Markings to the arena begin at either end of Klostermøllevej, where it meets Holmedal (route 453) and Gl. Ryevej (route 461), respectively - both in 8660 Skanderborg. For navigation purposes, the address Klostermøllevej, 8660 Skanderborg, adjacent to the arena, can be used. Alternatively, use the following GPS coordiantes:</p> <p>56°02'14.9 N 9°41'56.8"E</p> <p>56.037462, 9.699107</p>
Parking	Parking takes place on a field near the arena northeast of Klostermøllevej. Parking guards will assist and direct you.
Arena	The arena is located on a field in the northern part of the forest near Klostermøllevej.
Distances	<p>Parking to arena: 400 m. Follow blue and white snitzling</p> <p>Arena to start: 900 m. Follow red and white snitzling.</p>
Map	<p>Sukkertoppen, 5 m contours, revised 2018/2019. The scale for all classes is 1:10 000, with the exception of classes H/D 60 and above, for which 1:7 500 is used in accordance with the regulations.</p> <p>To reduce clutter, Open 0 uses double-sided maps.</p> <p>Course 4 has been split into two variants with the only difference being the scale: Course 4A uses a scale of 1:10 000, whereas 4B uses 1:7 500.</p>
Terrain	<p>Sukkertoppen is a typical middle Jutlandic forest with a mix of conifer and broadleaf trees. It is a terrain defined by steep hills providing a great physical challenge. The forest is supplied with paths aplenty to aid mobility in this highlight of local tourism. Only a select few areas attempt to hinder one's progress, as the majority of the forest is open and allows for passage with relative ease. Half surrounded by the only river in Denmark, the terrain itself contains surprisingly little water with only a handful of small trenches and marshes along the edges of the charted area.</p> <p>Important: Around "Sukkertoppen" itself is a fencing with harmless, grazing sheep. The fencing is highlighted in red, as it may only be crossed using the three passages shown on the map.</p>

Guards will be standing by to aid the youngest runners in opening the fence gates.

Shadowing

Shadowing is allowed in classes of difficulties “green – beginner” and “white – easy” in the division matches and the Middle Jutlandic Youth League.

Timing and control system	<p>SPORTident (SI) is used. Rented SI-cards are issued at the start. On the controls, numbers are displayed horizontally.</p> <p>If SI fails, use the backup fields on the card.</p>
Start	<p>Follow the red and white markings from the arena to the start. Beware of traffic, as a large portion of this stretch is on public road. First start is at 10:00, with call-up 4 minutes prior to the start time. Participants on course 10 (classes Begynder, H/D10, H/D12B and Open 10) can start freely between 09:45 and 12:30. Participants on courses with difficulties “Green – beginner” and “White – easy” will receive their map 2 minutes before starting and will receive guidance from the staff.</p> <p>Clear and check units are provided immediately outside the start booths. It is the responsibility of the runner to clear and check the SI-card regardless of ownership of the card.</p> <p>The start is divided into 4 start booths. When the clock in front of the start shows your start time, you move into the first start booth. Step into the next booth after one minute and repeat for all four.</p> <p>In the first booth, rented SI-cards are issued.</p> <p>In the second booth, loose control descriptions are available to runners with suitable holders.</p> <p>In the third booth, the SI-card is verified. It is also possible to clear and check the SI-card here.</p> <p>In the fourth booth, maps are stored in boxes sorted by course. It is the runner’s own responsibility to take the correct map. If a runner picks up an additional or incorrect map, the runner must notify the staff; returning the map on your own is not allowed. Directions of staff must be followed at all times.</p> <p>Runners with Put and Run need to punch a start control.</p> <p>Participants who miss their start time must consult the staff and follow their instructions.</p>
Start times	<p>Start times will be published on the website of the event at 22:00 on April 11, 2019 at the latest. Participants in the 1st and 2nd division will start from 10:00 onwards. Subsequently, the earliest start time in the 1st division is 12:20. Open courses purchased on event day will be assigned start times after all runners in the division matches have started.</p>
Finish	<p>When finishing, the finish control must be punch before proceeding to SI-card readout. Rented SI-cards are returned to the finish staff, and lost or missing cards must be replaced with DKK 500. Exceeding the maximum time of 2 hours and 30 minutes will result in disqualification.</p> <p>Refreshments will be available at the finish.</p> <p>Finished participants are allowed to keep their map, but in order to encourage fair play, we advise hiding it from runners who are yet to start.</p>
