

Easter 3-days Prologue
VIA Indoor Sprint Orienteering
Wednesday, 27th of March 2024

Horsens OK invite you to a fascinating orienteering event that will take place inside VIA University College in Horsens the day before the first stage of the Easter 3-days Event, that will take place in the Vejle fjord forests, a good half hour's drive south of Horsens.

Just like in 2023, the race will take place in the VIA University College building, situated at Banegårdspladsen in Horsens.

If you want to get a small impression of the race area, we can recommend this news feature, which TV2 Syd brought after last year's race. The feature starts 50 seconds into the news and lasts 67 seconds:
